

## **Occupational Health and Safety Management System Basics: for Auditors**

This 2-day **in-person** or **scheduled online** workshop is the first workshop you take on your way to becoming a Certificate of Recognition (COR) Auditor. Under the guidance of an instructor, explore the 10 elements of a health and safety system and the legislative requirements surrounding them. In order to receive a certificate of completion, you will complete an open-book competency exam and achieve a score of 80 percent or more. Successful completion of this workshop gives you the foundation for success in the CCSA Auditor Program.
