

CODE GREEN

EVACUATION PLAN

WHAT DO I DO?

- Evacuation of an **area/zone/floor** to full facility evacuation may escalate rapidly depending on the danger.
- Stop all activities immediately.
- Follow instructions/directions from the person in charge.
- All **unaffected areas** standby to assign staff to the evacuating area; if requested
- **Do not re-enter the building without an all-clear**

WHAT DOES THIS MEAN?

It alerts staff of an incident that is leading to a partial or full evacuation of the facility depending on the severity of the incident.

Events that may lead to an evacuation include, but are not limited to a:

- **fire**
- **flood**
- **structural damage/collapse**
- **bomb threat**
- **acts of violence**
- **toxic releases from an internal or an external source, or**
- **prolonged utility / power failure.**
