

HEALTHY WORKPLACE | OCTOBER SAFETY SEGMENTS

Keeping healthy and staying safe is important for our mind and body. Not only does getting sick take a toll on our daily life, but it also impacts our workplace and the safety of those who are around us. We must always remember take care to give care.

INFECTION PREVENTION AND CONTROL

DIRECTIONS

Start out the discussion by setting the expectations for creating a safe space and being respectful of everyone's feedback. Print out or share an electronic copy of "[Infection Prevention and Control](#)" by the Alberta Government. Give each staff member 5 minutes to read. After everyone is done, use the guiding questions to facilitate a group discussion

SAFETY SEGMENT DISCUSSION

Guiding Questions:

- How can you prevent and control infections?
- Why is IPC important in healthcare settings?

Alternative Activity:

Instead of the handouts, you can watch a [short video](#) about infection prevention and control.

How are infections caused??

Follow the CCSA and check our other resources.
