

FEBRUARY SAFETY SEGMENTS: COMMUNICATING SAFETY

Communicating about safety is challenging in any workplace, especially in a healthcare facility. Your challenge as a safety leader is conveying important information the workers need to do their job safely.

EFFECTIVE SAFETY TALKS

DIRECTIONS

Start out the discussion by setting the expectations for creating a safe space and being respectful of everyone's feedback. Watch the 5-minute video, [CCSA Safety Byte: How to give an effective safety talk in 5-minutes!](#). After everyone is done, use the guiding questions below to facilitate a group discussion.

SAFETY SEGMENT DISCUSSION

Tips and Tools:

1. It is important to emphasize that there should be documentation of the safety talk when they do it with their teams. Remember, "No record means it did not happen!" Download the [CCSA Safety Talk Record Form](#) to use as a template.
2. Print out the [CCSA Safety Talk Template](#) as a guide to prepare for any safety talk.
3. Check out the [sample safety talk topics](#) for continuing care.

Guiding Question:

1. Can you think of the top 3 safety topics for our facility/departments we need to focus on and why?

Follow the CCSA and check our other resources.
