First Aid Legislation Update

In case you missed it, changes to the First Aid Legislation came into effect **March 31, 2023**. Make sure to check out these updates to the First Aid - Part 11 of the Occupational Health and Safety Code and share with your organization.

Contact an External Auditor

Did you book an external auditor yet?

If your organization needs to obtain COR certification or recertification this year, then it's never too early to start laying the groundwork. CCSA has a bank of certified external auditors that you can contact to get you started.

External Auditors

Audit Tool Question Clarification: Element 5

Let's shed some light on Element 5!

Element 5 - Qualifications, Orientation and Training

Question 5.1 - Is there a process to ensure employees are qualified for the position for which they are being considered?

To clarify, this question is looking to see the job specific knowledge, skills, qualifications and/or training an employee must have PRE-HIRE or prior to beginning job tasks. An auditor should look for qualifications such as a degree, diploma, or other certifications an employee is required to have for the job. The job posting and/or job description is a great place to look for this information.
