Action Plans in lieu of Maintenance Audits

To be eligible for an Action Plan, organizations must meet the following criteria:

- The organization must have completed **one full, three-year COR Audit cycle** and have successfully completed a re-certification audit.
- The employer must have achieved a **90% overall score** on the re-certification audit.
- The employer must have **no less than 150 employees**.
- The employer must apply to the CCSA COR team, **prior to March 1** of the calendar year, for permission to use an Action Plan in lieu of the Maintenance Audit.

Once your application has been received, the COR team will review the request, and if all criteria have been met, a Maintenance Action Plan template with instructions and criteria will be sent to you. **You will have until March 31 of the calendar year to submit the maintenance action plan for approval.** The completed Maintenance Action Plan and all deliverables are due by November 30th.

If you believe your organization is eligible for an Action Plan, please apply here under [2024 COR Maintenance Action Plan Application](#).
