

# SUMMER SAFETY | JUNE SAFETY SEGMENT

When we are at work we are conscience of hazards and safety. But what about when you leave work? Do you have that same safety mind set? Are you on the look out for hazards? Are you taking measures to be safe? When we are at home doing things around the house are we just as conscience about our safety or are we thinking safety is just for work. Summer has us enjoying time outdoors but there are some hazards that can cause significant injuries which can affect our ability to work

## OUTDOOR HAZARDS

### DIRECTIONS

Start the discussion by setting the expectations for creating a safe space and respecting everyone's feedback. Print out or show an electronic copy of [Gilling Safety Tip Sheet](#) and/or [Yard Work Safety Tip Sheet](#). After everyone is done reviewing the sheet, use the guiding questions below to facilitate a group discussion.

### SAFETY SEGMENT DISCUSSION

Guiding Questions:

- How concerned about identifying hazards and controls are you when you are not at work?
- What kind of activities do you or your family enjoy doing outdoors?
- Brainstorm some hazards that are associated with these activities?
- What are some ways you can keep safe doing any of these activities?

Notes to the Team Leader:

- Facilitate an atmosphere of support and openness to feedback by encouraging the staff to share experiences or opinions without fear of reprisal.

Follow the CCSA and check our other resources.
